SUBJECT INDEX (Animal Sciences)

Aboveground insects
Population dynamics and biomass production of aboveground insects in a tropical grassland 447

Acacia leucophloea
On the developmental morphology of the rosette galls of *Acacia leucophloea* Willd., (Mimosaceae) induced by *Thilakothrips babuli* Ramk. (Thysanoptera: Insecta) 343

Achaea janata
Prediction of bioenergetics components of lepidopterous larva 361

Activity levels
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37

Additives
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253

Aerial respiration
Aerial respiration of *Cerithidea (Cerithideopsilla) cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight 381

Aggressive behaviour
Aggressive behaviour of captive *Bandicota bengalensis* 185

Alpha males
Aggressive behaviour of captive *Bandicota bengalensis* 185

Ambient oxygen
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215

Amblypharyngodon chakaiensis
Condition factor of *Amblypharyngodon chakaiensis* Babu and Nair in the Chakai boat channel (Trivandrum-Kerala-India) 1
Taxonomic value of torus longitudinalis and valvula cerebelli in four species of *Amblypharyngodon* Bleeker (Pisces, Teleostei, Cyprinidae) 115

Ammonia excretion
Effects of body size on the rate and pattern of ammonia excretion in an air-breathing fish 31

Ammonia quotient
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215

Ammoniotelism
Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure 293

Anabas scandens
Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure 293

Analysis of covariance
Biometric comparison of *Nemipterus japonicus* (Bloch) populations along the east coast of India 351

Assimilation
Energetics of earthworm populations in tropical pastures from India 315

Atresia
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil, *Tatera indica* (Muridae: Rodentia) 121

Atrophy
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109

Aquatic respiration
Aerial respiration of *Cerithidea (Cerithideopsilla) cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight 381

Aquatic weeds
Response of some freshwater micrometazoans to DDT 19

Bait preference
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253

Bandicota bengalensis
Aggressive behaviour of captive *Bandicota bengalensis* 185

Bandicota indica
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43

Best bait
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43

Bioassay
Response of some freshwater micrometazoans to DDT 19

Bioecology
Bioecology of *Zaniothrips ricini* Bhatti (Panchaetothripinae: Terebrantia: Thysanoptera) — A new thrips pest of castor (*Ricinus communis*: Euphorbiaceae) 87

Bioenergetics components
Prediction of bioenergetics components of lepidopterous larva 361
Biomass
Population dynamics and biomass production of aboveground insects in a tropical grassland 447
Population ecology of *Schizodactylus monstrosus* (Drury) (Orthoptera) along the sand bed of Damodar river, West Bengal, India 453
Biometric comparison
Biometric comparison of *Nemipterus japonicus* (Bloch) populations along the east coast of India 351
Body size
Aerial respiration of *Cerithidea (Cerithideopsilla) cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight 381
Borassus flabellifer
Gut spore composition and influence of fungal host on the rate of mortality of post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11
Breeding cycle
Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae) 415
Breeding season
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance 299
Calorie intake
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43
Calotropis gigantea
Dietary water balance in a tropical insect 135
Carbohydrate
Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) 305
Cardiac cycle
Structure and function of the truncus arteriosus of the Indian frog *Rana tigerina* (Daud) 55
Caridina weberi
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns 147
Cassiduloid
Revision of Cassiduloid genus *Gongrochanus* Kier (Echinodermata: Echinoidea) from the South Indian Cretaceous deposits 231
Cement glands
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean *Squilla holoschista* 399
Cercariae
Effect of solar eclipse on the emergence of some freshwater cercariae 65
Cercariae indicae
Effect of solar eclipse on the emergence of some freshwater cercariae 65
Cercarial emergence
Effect of solar eclipse on the emergence of some freshwater cercariae 65
Cereals
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43
Cerithidea cingulata
Aerial respiration of *Cerithidea (Cerithideopsilla) cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight 381
Cerithiids
Aerial respiration of *Cerithidea (Cerithideopsilla) cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight 381
Cerithium coralium
Aerial respiration of *Cerithidea (Cerithideopsilla) cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight 381
Chakai boat channel
Condition factor of *Amblypharyngodon chakaiensis* Babu and Nair in the Chakai boat channel (Trivandrum-Kerala-India) 1
Chamberwise variations
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37
Chanda commersonii
Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae) 415
Channa gachua
Effects of body size on the rate and pattern of ammonia excretion in an air-breathing fish 31
Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure 293
Channa striatus
Effect of steroid injection on food utilization in *Channa striatus* 221
Food utilization in the fish *Channa striatus* exposed to sublethal concentration of DDT and methyl parathion 475
Chloropromazine
Effect of tranquillisers on the reproduction of a freshwater leech, *Poecilobdella viridis* (Blanchard) 323
Choice test
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253

Coalition relations
Cooperative behaviour in rhesus monkeys living in urban and forest areas 199
Coat care
Sand bathing behaviour of Indian gerbil *Tatera indica indica* Hardwicke 423
Cockroach
Wing microsculpturing in the small house cockroach, *Supella longipalpa* (Dictyoptera, Blattidae) 333
Composition
Studies on the meiofauna of Sagar Island 73
Condition factor
Condition factor of *Amblypharyngodon chakaiensis* Babu and Nair in the Chakai boat channel (Trivandrum-Kerala-India) 1
Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae) 415
Consort relations
Cooperative behaviour in rhesus monkeys living in urban and forest areas 199
Consumption
Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) 305
Conversion
Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) 305
Conversion efficiency
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns 147
Corcyra cephalonica
Juvenoid-induced supernumerary larval instars in certain stored grain insects 263
Cretaceous deposits
Revision of Cassiduloid genus *Gongrochanus* Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits 231
Crustacea
Histology and histochemistry of the tegumental glands in *Ligia exotica* Roux (Crustacea: *Isopoda*) 207
Cyrtophora cicatrosa
Incubation, hatching and yolk utilization in the eggs of the orb weaving spider *Cyrtophora cicatrosa* (Araneae: Araneidae) 369
Influence of spatial heterogeneity and prey density on predatory behaviour of the tropical spiders *Cyrtophora cicatrosa* (Stoliczka) and *Marpissa calcutaensis* (Tikader) (Araneae, Araneidae) 429
Danus chrysippus
Dietary water balance in a tropical insect 135
DDT
Response of some freshwater micrometazoans to DDT 19
Food utilization in the fish *Channa striatus* exposed to sublethal concentrations of DDT and methyl parathion 475
Dehydrogenase
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil *Tatera indica* (Muridae: Rodentia) 121
Density
Studies on the meiofauna of Sagar Island 73
Developmental morphology
On the developmental morphology of the rosette galls of *Acacia leucophloea* Willd., (Mimosaceae) induced by *Thilakothrips babuli* Ramk. (Thysanoptera: Insecta) 343
Dietary protein
Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) 305
Dietary water
Dietary water balance in a tropical insect 135
Distance function
Biometric comparison of *Nemipterus japonicus* (Bloch) populations along the east coast of India 351
Diurnal dormancy
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37
Earthworm
Weight changes and survival of a tropical earthworm *Pontoscolex corethrurus* 193
Energetics of earthworm populations in tropical pastures from India 315
Echinoidea
Revision of Cassiduloid genus *Gongrochanus* Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits 231
Electrocardiogram parameters
Structure and function of the truncus arteriosus of the Indian frog *Rana tigerina* (Daud) 55
Energetics
Energetics of earthworm populations in tropical pastures from India 315
Energy budget
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253
Population dynamics and energy budgets of *T. pulvinata* Uvarov and *P. infumata* Brunn (Orthoptera: Acrididae) 437

Energy flow model
Energetics of earthworm populations in tropical pastures from India 315
Ephestia cautella
Juvenoid-induced supernumerary larval instars in certain stored grain insects 263
Eriosoma lanigerum
Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) 247
Exposure
Weight changes and survival of a tropical earthworm *Pontoscolex corethrurus* 193
Exuvia
Dietary water balance in a tropical insect 135
Fat
Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) 305
Feeding cycle
Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae) 415
Feeding range
Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera) 285
Female accessory sex glands (cement glands)
Synchronous development of the ovary and the female accessory sex glands of a crustacean, *Squilla holoschista* 179
Field crab
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity 277
Flying habit
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37
Follicle
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil *Tatera indica* (Muridae: Rodentia) 121
Food preferences
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43
Food selection
A sensitive period for the acquisition of food preferences in the Indian field mouse *Mus booduga* (Gray) 49
Food utilization
Food utilization in the fish *Channa striatus* exposed to sublethal concentrations of DDT and methyl parathion 475
Freshwater micrometazoans
Response of some freshwater micrometazoans to DDT 19
Fungal preference
Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11
Fungal resource utilization
Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera) 285
Geological range
Revision of Cassiduloid genus *Gongrochanus* Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits 231
Glycolipoprotein
Histochemistry of the neurosecretory systems in a stomatopod crustacean *Squilla holoschista* 387
Gonad inhibiting hormone
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean *Squilla holoschista* 399
Gonad stimulating hormone
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean *Squilla holoschista* 399
Gongrochanus
Revision of Cassiduloid genus *Gongrochanus* Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits 231
Granulosa
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil *Tatera indica* (Muridae: Rodentia) 121
Growth
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109
Gut spore composition
Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11
Hatchability
Incubation, hatching and yolk utilization in the eggs of the orb weaving spider *Cyrtophora cicatrosa* (Araneae: Araneidae) 369
Histochemistry
Histology and histochemistry of the tegumental glands in *Ligia exotica* Roux (Crustaceae: *Isopoda*) 207

Histology
Histology and histochemistry of the tegumental glands in *Ligia exotica* Roux (Crustacea: *Isopoda)* 207

Host fungi
Gut spore composition and influence of fungal host on the rate of mortality of post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11

Hypoxia
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215

Incubation
Incubation, hatching and yolk utilization in the eggs of the orb weaving spider *Cyrtophora cicatrosa* (Araneae: Araneidae) 369

Indian field mouse
A sensitive period for the acquisition of food preferences in the Indian field mouse *Mus booduga* (Gray) 49

Indian gerbil
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253

Induction
Meloidogyne (Nematoda: Meloidogynidae) induced root galls of the banana plant *Musa paradisiaca* — A study of histopathology 467

Infestation pattern
Patterns of rodent pest infestation in relation to rainfed and irrigated crop systems in Rajasthan 129

Juvenoid effect
Juvenoid-induced supernumerary larval instars in certain stored grain insects 263

Lamellar epithelium
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity 277

Larvivorous fish
Reproductive biology of the larvivorous fish *Macropodus cupanus* (Cuv. and Val.) 159

Lepidoptera
Prediction of bioenergetics components of lepidopterous larva 361

Lipoprotein
Histochemistry of the neurosecretory systems in a stomatopod crustacean *Squilla holoschista* 387

Locality samples
Biometric comparison of *Nemipterus japonicus* (Bloch) populations along the east coast of India 351

Loyolaia indica
Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera) 285

Ligia exotica
Histology and histochemistry of the tegumental glands in *Ligia exotica* Roux (Crustacea: *Isopoda*) 207

Lipids
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil *Tatera indica* (Muridae: Rodentia) 121

Macaca mulatta
Cooperative behaviour in rhesus monkeys living in urban and forest areas 199

Macrobrachium lanchesteri
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns 147

Macropodus cupanus
Reproductive biology of the larvivorous fish *Macropodus cupanus* (Cuv. and Val.) 159
Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) 305

Maestrichtian
Revision of Cassiduloid genus Gongrochanus Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits 231

Malathion
Inheritance of resistance to malathion in *Tribolium castaneum* (Herbst) 409

Male dominance
Aggressive behaviour of captive *Bandicota bengalensis* 185

Marker enzyme
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity 277

Marpissa calcutaensis
Influence of spatial heterogeneity and prey density on predatory behaviour of the tropical spiders *Cyrtophora cicatrosa* (Stoliczka) and *Marpissa calcutaensis* (Tikader) (Araneae, Araneidae) 429

Maturity stages
Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae) 45

Meiofauna
Studies on the meiofauna of Sagar Island 73

Meloidogyne incognita
Meloidogyne (Nematoda: Meloidogynidae) induced root galls of the banana plant *Musa paradisiaca* — A study of histopathology 467
Mercury
Determination of acute toxicity levels of mercury to the fish *Tilapia mossambica* (Peters) 375
Meriones hurrianae
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance 299
Metabolism
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215
Metachromatic substances
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109
Methyl parathion
Food utilization in the fish *Channa striatus* exposed to sublethal concentrations of DDT and methyl parathion 475
Morphs
Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) 247
Mortality
Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11
Response of some freshwater micrometazoans to DDT 19
Moulting
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns 147
Multinucleate giant cells
Meloidogyne (Nematoda: Meloidogynidae) induced root galls of the banana plant *Musa paradisiaca* — A study of histopathology 467
Musa paradisiaca
Meloidogyne (Nematoda: Meloidogynidae) induced root galls of the banana plant *Musa paradisiaca* — A study of histopathology 467
Mus booduga Gray
A sensitive period for the acquisition of food preferences in the Indian field mouse *Mus booduga* (Gray) 49
Mycophagous thrips
Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera) 285
Mycophagous tubulifera
Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera) 285
Myocardial metabolism
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37
Mystus vittatus
Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure 293
NADH- and NADPH-tetrazolium reductases
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil *Tatera indica* (Muridae: Rodentia) 121
Nematoda
Meloidogyne (Nematoda: Meloidogynidae) induced root galls of the banana plant *Musa paradisiaca* — A study of histopathology 467
Nemipterus japonicus
Biometric comparison of *Nemipterus japonicus* (Bloch) populations along the east coast of India 351
Neurosecretory cells
Histochemistry of the neurosecretory systems in a stomatopod crustacean *Squilla holoschista* 387
Oils
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43
Olfactory communication
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance 299
Omega males
Aggressive behaviour of captive *Bandicota bengalensis* 185
Oocyte
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera) 95
Ovariole index
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera) 95
Ovary
Synchronous development of the ovary and the female accessory sex glands of a crustacean, *Squilla holoschista* 179
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crusta-

cean *Squilla holoschista* 399

Oviparity
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera) 95

Ovoviviparity
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera) 95

Oxygen requirements
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37

Oziotelphusa senex senex
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity 277

Parakeet
The germ cell types and spermiogenesis in rose-ringed parakeet *Psittacula krameri* (Scopoli) 171

PAS-positive
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109

P. infumata
Population dynamics and energy budgets of *T. pulvinata* Uvarov and *P. infumata* Brunn (Orthoptera: Acrididae) 437

Poecilobdella viridis
Effect of tranquillisers on the reproduction of a freshwater leech, *Poecilobdella viridis* (Blanchard) 323

Poecilocerus pictus
Dietary water balance in a tropical insect 135

Poison carrier
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253

Population density
Population density and biomass production of aboveground insects in a tropical grassland 447

Pontoscolex corethrurus
Weight changes and survival of a tropical earthworm *Pontoscolex corethrurus* 193

Post-embryonic development
Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11

Predatory behaviour
Influence of spatial heterogeneity and prey density on predatory behaviour of the tropical spiders *Cyrtophora cicatrosa* (Stoliczka) and *Marpissa calcutaensis* (Tikader) (Araneae, Araneidae) 429

Prey density
Influence of spatial heterogeneity and prey density on predatory behaviour of the tropical spiders *Cyrtophora cicatrosa* (Stoliczka) and *Marpissa calcutaensis* (Tikader) (Araneae, Araneidae) 429

Primary production
Energetics of earthworm populations in tropical pastures from India 315

Protein
Histochemistry of the neurosecretory systems in a stomatopod crustacean *Squilla holoschista* 387

Psittacula krameri
The germ cell types and spermiogenesis in rose-ringed parakeet *Psittacula krameri* (Scopoli) 171

Pulses
Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) 43

Puntius sarana
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215

Rana tigerina
Structure and function of the truncus arteriosus of the Indian frog *Rana tigerina* (Daud) 55

Random activity
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215

Ration levels
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns 147

Rattus meltada
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance 299

Regression model
Prediction of bioenergetics components of lepidopterous larva 361

Relative condition factor
Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae) 415

Reproductively quiescent and active stages
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean *Squilla holoschista* 399

Resistance
Inheritance of resistance to malathion in *Tribolium castaneum* (Herbst) 409

Reserpine
Effect of tranquillisers on the reproduction of a freshwater leech; *Poecilobdella viridis* (Blanchard) 323
Respiratory quotient
Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) 215
Reproductive biology
Reproductive biology of the larvivorous fish *Macropodus cupanus* (Cuv. and Val.) 159
Rhesus monkey
Cooperative behaviour in rhesus monkeys living in urban and forest areas 199
Ricinus communis
Bioecology of *Zaniothrips ricini* Bhatti (Panchaetothripinae: Terebrantia: Thysanoptera) — A new thrips pest of castor (*Ricinus communis*: Euphorbiaceae) 87
Rodent biomass
Patterns of rodent pest infestation in relation to rainfed and irrigated crop systems in Rajasthan 129
Root histopathology
Meloidogyne (Nematoda: Meloidogynidae) induced root galls of the banana plant *Musa paradisiaca* — A study of histopathology 467
Rosette galls
On the developmental morphology of the rosette galls of *Acacia leucophloea* Willd., (Mimosaceae) induced by *Thilakothrips babuli* Ramk. (Thysanoptera: Insecta) 343
Safe concentrations
Determination of acute toxicity levels of mercury to the fish *Tilapia mossambica* (Peters) 375
Sagar Island
Studies on the meiofauna of Sagar Island 73
Salinity adaptation
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity 277
Sampling unit
Population ecology of *Schizodactylus monstrosus* (Drury) (Orthoptera) along the sand bed of Damodar river, West Bengal, India 453
Sand bathing
Sand bathing behaviour of Indian gerbil *Tatera indica indica* Hardwicke 423
Scent marking gland
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance 299
Schizodactylus monstrosus
Population ecology of *Schizodactylus monstrosus* (Drury) (Orthoptera) along the sand bed of Damodar river, West Bengal, India 453
Secondary production
Energetics of earthworm populations in tropical pastures from India 315
Population dynamics and energy budgets of *T. pulvinata* Uvarov and *P. infumata* Brunn (Orthoptera: Acrididae) 437
Secretory granules
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean *Squilla holoschista* 399
Sensitive method
A sensitive period for the acquisition of food preferences in the Indian field mouse *Mus booduga* (Gray) 49
Sex hormones
Effect of steroid injection on food utilization in *Channa striatus* 221
Sexuals
Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) 247
Sexuparae
Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) 247
Side rubs
Sand bathing behaviour of Indian gerbil *Tatera indica indica* Hardwicke 423
Silk core
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109
Silk periphery
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109
Silk secretion
Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) 109
Social grooming
Cooperative behaviour in rhesus monkeys living in urban and forest areas 199
Social play
Cooperative behaviour in rhesus monkeys living in urban and forest areas 199
Solar eclipse
Effect of solar eclipse on the emergence of some freshwater cercariae 65
Spermatogenic cells
The germ cell types and spermiogenesis in rose-ringed parakeet *Psittacula krameri* (Scopoli) 171
Spermiogenesis
The germ cell types and spermiogenesis in rose-ringed parakeet *Psittacula krameri* (Scopoli) 171

Sporophagous thrips
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera) 95

Squilla
Synchronous development of the ovary and the female accessory sex glands of a crustacean, *Squilla holoschista* 179

Squilla holoschista
Histochemistry of the neurosecretory systems in a stomatopod crustacean *Squilla holoschista* 387
Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod curstacean *Squilla holoschista* 399

Steroid injections
Effect of steroid injection on food utilization in *Channa striatus* 221

Stored grain insects
Juvenoid-induced supernumerary larval instars in certain stored grain insects 263

Sublethal concentration
Food utilization in the fish *Channa striatus* exposed to sublethal concentrations of DDT and methyl parathion 475

Succinic dehydrogenase
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37

Supella longipalpa
Wing microsculpturing in the small house cockroach, *Supella longipalpa* (Dictyoptera, Blattidae) 333

Supernumerary larval moults
Juvenoid-induced supernumerary larval instars in certain stored grain insects 263

Survival
Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns 147

Synchronous activity
Synchronous development of the ovary and the female accessory sex glands of a crustacean, *Squilla holoschista* 179

Tatera indica
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil, *Tatera indica* (Muridae: Rodentia) 121
Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke 253
Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance 299

Taxonomic value
Taxonomic value of torus longitudinalis and valvula cerebelli in four species of *Amblypharyngodon* Bleeker (Pisces, Teleostei, Cyprinidae) 115

T. castaneum
Inheritance of resistance to malathion in *Tribolium castaneum* (Herbst) 409

Tegumental glands
Histology and histochemistry of the tegumental glands in *Ligia exotica* Roux (Crustacea: *Isopoda*) 207

Theca[1] layer
Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil *Tatera indica* (Muridae: Rodentia) 121

Thilakothrips babuli
On the developmental morphology of the rosette galls of *Acacia leucophloea* Willd., (Mimosaceae) induced by *Thilakothrips babuli* Ramk. (Thysanoptera Insecta) 343

Thrips
On the developmental morphology of the rosette galls of *Acacia leucophloea* Willd., (Mimosaceae) induced by *Thilakothrips babuli* Ramk., (Thysanoptera: Insecta) 343

Thrips pest
Bioecology of *Zaniothrips ricini* Bhatti (Panchaetothripinae: Terebrantia: Thysanoptera) — A new thrips pest of castor (*Ricinus communis*: Euphorbiaceae) 87

Tiarothrips subramanii
Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in *Tiarothrips subramanii* (Ramk.) 11

Tilapia mossambica
Determination of acute toxicity levels of mercury to the fish *Tilapia mossambica* (Peters) 375

T. indica indica
Sand bathing behaviour of Indian gerbil *Tatera indica indica* Hardwicke 423

Torus longitudinalis
Taxonomic value of torus longitudinalis and valvula cerebelli in four species of *Amblypharyngodon* Bleeker (Pisces, Teleostei, Cyprinidae) 115

Toxicity
Determination of acute toxicity levels of mercury to the fish *Tilapia mossambica* (Peters) 375

T. pulvinata
Population dynamics and energy budgets of *T. pulvinata* Uvarov and *P. infumata* Brunn (Orthoptera: Acrididae) 437

Tractus mesencephalo cerebellaris
Taxonomic value of torus longitudinalis and valvula cerebelli in four species of *Amblypharyngodon* Bleeker (Pisces, Teleostei, Cyprinidae) 115

Tranquillisers
Effect of tranquillisers on the reproduction of a freshwater leech, *Poecilobdella viridis* (Blanchard) 323

Transpiration
Dietary water balance in a tropical insect 135

Tribolium cataneum
Juvenoid-induced supernumerary larval instars in certain stored grain insects 263

Tropical pasture
Energetics of earthworm populations in tropical pastures from India 315

Truncus arteriosus
Structure and function of the truncus arteriosus of the Indian frog *Rana tigerina* (Daud) 55

Tubifex tubifex
Effects of body size on the rate and pattern of ammonia excretion in an air-breathing fish 31

Ultrastructure
Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity 277

Ureotelism
Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure 293

Valvula cerebelli
Taxonomic value of torus longitudinalis and valvula cerebelli in four species of *Amblypharyngodon* Bleeker (Pisces, Teleostei, Cyprinidae) 115

Ventrum drag
Sand bathing behaviour of Indian gerbil *Tatera indica indica* Hardwicke 423

Vertebrate myocardia
Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates 37

Vertical distribution
Population ecology of *Schizodactylus monstrosus* (Drury) (Orthoptera) along the sand bed of Damodar river, West Bengal, India 453

Virginoparae
Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) 247

Viviparity
Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera) 95

Water content of eggs
Incubation, hatching and yolk utilization in the eggs of the orb weaving spider *Cyrtophora cicatrosa* (Araneae: Arneidae) 369

Weight changes
W ight changes and survival of a tropical earthworm *Pontoscolex corethrurus* 193

Wing microsculpturing
Wing microsculpturing in the small house cockroach, *Supella longipalpa* (Dictyoptera, Blattidae) 333

Wooly aphid
Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) 247

Yolk utilization
Incubation, hatching and yolk utilization in the eggs of the orb weaving spider *Cyrtophora cicatrosa* (Araneae: Araneidae) 369

Zaniothrips ricini
Bioecology of *Zaniothrips ricini* Bhatti (Panchaetothripinae: Terebrantia: Thysanoptera) — A new thrips pest of castor (*Ricinus communis*: Euphorbiaceae) 87

Volume 92, 1983

CONTENTS (Animal Sciences)

Condition factor of *Amblypharyngodon chakaiensis* Babu and Nair in the Chakai boat channel (Trivandrum-Kerala-India)
N Babu and N Balakrishnan Nair 1

Gut spore composition and influence of fungal host on the rate of mortality and post-embryonic development in *Tiarothrips subramanii* (Ramk.)
T N Ananthakrishnan, B Padmanaban and K Dhileepan 11

Response of some freshwater micrometazoans to DDT
M P Sharma and A K Dattagupta 19

Effects of body size on the rate and pattern of ammonia excretion in an air-breathing fish
Geetha Belliyappa, Nirupa Krishnan and S Ravichandra Reddy 31

Distribution pattern of succinic dehydrogenase in the myocardia of some vertebrates *Mathew M Oommen and K M Alexander* 37

Food preference studies of the larger bandicoot rat, *Bandicota indica* (Bechstein) *Shakunthala Sridhara and K Srihari* 43

A sensitive period for the acquisition of food preferences in the Indian field mouse *Mus booduga* (Gray) *Shakunthala Sridhara* 49

Structure and function of the truncus arteriosus of the Indian frog *Rana tigerina* (Daud) *Harish C Nigam* 55

Effect of solar eclipse on the emergence of some freshwater cercariae
R Madhavi 65

Studies on the meiofauna of Sagar Island
G Chandrasekhara Rao and A Misra 73

Bioecology of *Zaniothrips ricini* Bhatti (Panchaetothripinae: Terebrantia: Thysanoptera) — A new thrips pest of castor (*Ricinus communis*: Euphorbiaceae) *A Mohan Daniel, N Suresh Kumar and N Bakthavatsalam* 87

Reproductive strategies and behavioural attributes in some sporophagous Idolothripinae (Tubulifera: Thysanoptera)
T N Ananthakrishnan, K Dhileepan and B Padmanaban 95

Cytochemical changes in the silk gland cells of *Pericallia ricini* (Lepidoptera: Arctiidae) *Shubh Narain and D N Vishnoi* 109

Taxonomic value of torus longitudinalis and valvula cerebelli in four species of *Amblypharyngodon* Bleeker (Pisces, Teleostei, Cyprinidae)
N Babu and N Balakrishnan Nair 115

Histochemical distribution of tetrazolium reductases, dehydrogenases and lipids in the follicular wall of normal and atretic follicles in the ovary of the Indian gerbil,*Tatera indica* (Muridae: Rodentia)
V R Parshad and S S Guraya 121

Patterns of rodent pest infestation in relation to rainfed and irrigated crop systems in Rajasthan *Ranjan Advani* 129

Dietary water balance in a tropical insect *M R Delvi* 135

Effects of different ration levels on survival, moulting and food conversion in two freshwater prawns
R Ponnuchamy, S Ravichandra Reddy and Katre Shakuntala 147

Reproductive biology of the larvivorous fish *Macropodus cupanus* (Cuv. and Val.) *Sheila Susan Jacob and N Balakrishnan Nair* 159

The germ cell types and spermiogenesis in rose-ringed parakeet *Psittacula krameri* (Scopoli) *H R Dang and S S Guraya* 171

Synchronous development of the ovary and the female accessory sex glands of a crustacean, *Squilla holoschista* *M Deecaraman and T Subramoniam* 179

Aggressive behaviour of captive *Bandicota bengalensis*
Shakunthala Sridhara and R V Krishnamoorthy 185

Weight changes and survival of a tropical earthworm *Pontoscolex corethrurus*
S Arunachalam, G Krishnamoorthy and P Baskaran 193

Cooperative behaviour in rhesus monkeys living in urban and forest areas
Raghubir Singh Pirta 199

Histology and histochemistry of the tegumental glands in *Ligia exotica* Roux. (Crustacea: *Isopoda*)
C Jalaja Kumari, K Hanumantha Rao and K Shyamasundari 207

Influence of hypoxia on metabolism and activity in *Puntius sarana* (Hamilton) (Pisces: Cyprinidae) *M Peer Mohamed and M N Kutty* 215

Effect of steroid injection on food utilization in *Channa striatus*
A R C Nirmala and T J Pandian 221

Revision of Cassiduloid genus *Gongrochanus* Kier (Echinodermata: Echinoidea) from South Indian Cretaceous deposits
R M Badve and S A Aziz 231

Life history of sexuparae and sexual morphs of woolly apple aphid (*Eriosoma lanigerum* Hausmann) *D C Gautam and L R Verma* 247

Laboratory evaluation of poison carrier for the control of Indian gerbil, *Tatera indica* Hardwicke *A P Jain and Ishwar Prakash* 253

Juvenoid-induced supernumerary larval instars in certain stored grain insects *U S Srivastava and R C Srivastava* 263

Biochemical correlates of the mechanism of salt uptake and excretion in the gills of freshwater field crab on adaptation to higher salinity *M V V Subramanyam and R V Krishnamoorthy* 277

Patterns of fungal resource utilization and feeding range in some mycophagous Tubulifera (Insecta: Thysanoptera) *T N Ananthakrishnan and G Suresh* 285

Ammonia and urea excretion in three species of air-breathing fish subjected to aerial exposure *M Ramaswamy and T Gopalakrishna Reddy* 293

Seasonal variation in the dimension of scent-marking gland of three desert rodents and its possible relationship with their reproductive performance *Saroj Kumari and Ishwar Prakash* 299

Utilization of dietary protein, fat and carbohydrate by the paddy field fish (*Macropodus cupanus*: Anabantidae) *S Mathavan and M S M Christopher* 305

Energetics of earthworm populations in tropical pastures from India *B K Senapati and M C Dash* 315

Effect of tranquillisers on the reproduction of a freshwater leech, *Poecilobdella viridis* (Blanchard) *A Bhaskar Rao, C S K Anand and G K Kulkarni* 323

Wing microsculpturing in the small house cockroach, *Supella longipalpa* (Dictyoptera, Blattidae) *M L Roonwal and N S Rathore* 333

On the developmental morphology of the rosette galls of *Acacia leucophloea* Willd., (Mimosaceae) induced by *Thilakothrips babuli* Ramk. (Thysanoptera Insecta) *A Raman and T N Ananthakrishnan* 343

Biometric comparison of *Nemipterus japonicus* (Bloch) populations along the east coast of India *D Manikyala Rao and K Srinivasa Rao* 351

Prediction of bioenergetics components of lepidopterous larva *J Muthukrishnan and T J Pandian* 361

Incubation, hatching and yolk utilization in the eggs of the orb weaving spider *Cyrtophora cicatrosa* (Araneae: Araneidae) *S Palanichamy and T J Pandian* 369

Determination of acute toxicity levels of mercury to the fish *Tilapia mossambica* (Peters) *Maria R Menezes and S Z Qasim* 375

Aerial respiration of *Cerithidea* (*Cerithideopsilla*) *cingulata* (Gmelin) and *Cerithium coralium* Kiener in relation to body weight
Y Prabhakara Rao and D G V Prasada Rao 381

Histochemistry of the neurosecretory systems in a stomatopod crustacean *Squilla holoschista* *M Deecaraman and T Subramoniam* 387

Endocrine regulation of ovarian maturation and cement glands activity in a stomatopod crustacean *Squilla holoschista*
M Deecaraman and T Subramoniam 399

Inheritance of resistance to malathion in *Tribolium castaneum* (Herbst)
I C Pasalu and S K Bhatia 409

Condition and relative condition cycles in the tropical glassy perchlet *Chanda* (=*Ambassis*) *commersonii* (Cuv. and Val.) (Pisces: Centropomidae)
J Rajasekharan Nair, N Balakrishnan Nair and N K Balasubramanian 415

Sand bathing behaviour of Indian gerbil *Tatera indica indica* Hardwicke
P Vasanta Kumari and Jamil Ahmad Khan 423

Influence of spatial heterogeneity and prey density on predatory behaviour of the tropical spiders *Cyrtophora cicatrosa* (Stoliczka) and *Marpissa calcutaensis* (Tikader) (Araneae, Araneidae) *S Palanichamy* 429

Population dynamics and energy budgets of *T. pulvinata* Uvarov and *P. infumata* Brunn (Orthoptera: Acrididae) *B R Kaushal and L K Vats* 437
